GREAT FALLS

Nestled in a quiet, wooded two acre lot with a stream and pond views. The home incorporates the rustic and casual design of French farmhouses and country cottages so admired by returning World War I American soldiers. Its classic detailing and formal features reflect the inspiration of American architects who studied in Paris in the 1920s. Your In-laws, Au-Pair or other long-term guests will love having their own private Carriage House quarters. • \$1,998,000
